CHICAGO, December 5, 1871.

To the Officers of the Germania, Hanover, Niagara and Republic Fire Ins. Co's of New York.

GENTLEMEN,—The course pursued by your Company in the adjustment and payment of our own claims, and so far as we know, ALL claims for losses in the great fire in Chicago, has been so highly honorable, prompt and straightforward, and mark it by a disappointment is due to deal justly toward all parties, under all circumstances, that we desire voluntarily to acknowledge it to the business public. We consider that no stronger testimonial can be made, both of the responsibility and of the integrity of an Insurance Company, than yours has passed through organization, than yours has passed through unimpaired Capital and unblemished responsibility, and a record for equitable settlement, certainly surpassed by none, we congratulate you on the career of future prosperity, to which your actions here have so justly entitled you, and remain,

"I THANK YOU."

There is nothing that costs so little as politeness, and yet it is a commodity that few possess, or take pains to enrich themselves with. Rudeness and ill manners are so prevalent that, when we come in contact with a polite person, we are to be astonished. With some persons, this polish is innate, also hereditary, for there is no good and evil inherited that is generally credited; and in others it is developed by proper home transferring and refined associations.

True politeness springs from goodness of heart; a person who is sympathetic, who looks upon his fellow-creatures from a personal standpoint, cannot fail to be polite, for feeling prompts generosity, and what is politeness but generosity? The contrast visible between dress and mental caliber is curious to a student of human nature. The genuine jewel shines forth the brigher in proportion as the setting is dull; the patched coat or humble dress often fails to conceal the true nobility of the character within.

To those desirous of impressing this subject upon their friends, we would refer to railway travel, which from day to day affords opportunities of judging what is due to those with whom we come in contact. We have heard a poor person say, "Thank you," when offered a seat; and have seen elegantly dressed ladies, whose position in society is supposed to afford advantages for acquiring good manners, take a seat under similar circumstances, without a word of recognition, as if conferring a favor. Ah! the simple "Thank you," how it warms the heart, and how easy it is to say! It is like an electric shock passing from heart to heart, kindling pure emotions, strengthening one's faith in humanity, and carrying joy to secret places.

Those of us who possess the advantages which good society affords, should surely be careful not to lower ourselves below the humble classes, whose surroundings all tend to rudeness and vulgarity. According to our action, so is our reward. If we grudge the simple "thank you," the appreciative glance, we openly acknowledge our inferiority to men and women in whom the omission would be excusable.

THE DEEPEST WELL IN THE WORLD.

At about twenty miles from Berlin is situated the village of Sparenburg, noted for the deepest well that has ever been sunk. Owing to the presence of gypsum in the locality, which is at a moderate distance from the capital, it occurred to the government authorities in charge of the mines to obtain a supply of rock salt. With this end in view, the sinking of a shaft or well sixteen feet in diameter was commenced five years ago, and at a depth of 280 the salt was reached. The boring has continued to a further depth of 960, the diameter of this bore being reduced to 13 inches, the operations were subsequently prosecuted by the aid of steam until a depth of 4,194 feet was attained. At this point the boring was discontinued, the borer or bit being still in the salt deposit, which thus exhibits the enormous thickness of 3,907 feet. The boring would have been continued in order to discover what description of deposit lay under the salt, but for the mechanical difficulties connected with the further prosecution of the operations. During the progress of this interesting work, repeated and careful observations were made of the tedperature at various depths, the results confirm very closely those which have been already arrived at under similar circumstances.

A CRITICISM ON CARDS.—A week or two since, a distinguished clergyman discussed the question of card playing, summing up in favor of the practice one argument being that it conduced to the quiet and quietness. The editor of a religious newspaper looking back on his godless days, doesn't agree with him, and thus sums up his reasons:—What experience we have had of cards is opposed to his. Seven up we have generally found to be prolific of furious discussions as to who played 'the low' and we never saw a silent game of whist. On the contrary as soon as the last trick is taken, one of the defeated players is sure to call out to his partner, 'what in thunder did you play that diamond for?' Whether the preacher is right or not, the editor certainly makes a strong case, and the majority of the experienced can hardly help seeing it in the same light.

A Lot-headed Waterbury, Ct., lad was recently trying to catch a base ball, when it rolled upon the railroad track just in front of a coming train. But Young America was not to be cheated and he went for the ball just in time to be caught by the cow-catcher of the engine, and carried along about two hundred feet before the train could be stopped. The boy wasn't hurt but he missed the ball.

Twenty-five thousand dollars—one-half of the amount the company want—have been already subscribed in Jacksonville, toward establishing a car manufactory in that city. Those having the raising of subscriptions in hand, think there is no doubt but that the whole amount will soon be forthcoming.

THE Grand Lodge of the Order of Odd Follows is in session at Baltimore.

THE PLATFORM.

The following is the Platform adopted by the National Republican Convention at Philadelphia:

The Republican party of the United States, assembled in National Convention in the city of Philadelphia, on the 5th and 6th days of June, 1872, again declares its faith, appeals to its history, and announces its position upon the questions before the country.

1. During the eleven years of its supremacy it has accepted with grand courage the solemn duties of the time. It suppressed a gigantic rebellion, emancipated 4,000,000 slaves, decreed the equal citizenship of all and established universal suffrage, exhibiting unparalleled magnanimity. It criminally punished no man for political offense, and warmly welcomed all who proved their loyalty by obeying the laws and dealing justly with their neighbors. It has steadily decreased with a firm hand the resultant disorders of the great war, and indicated a wise policy towards the Indians. The Pacific railroad and similar vast enterprises have been generally aided and successfully conducted. The public lands have been freely given to actual settlers, immigration protected and encouraged, and a full acknowledgment of naturalized citizens' rights secured from European powers. A uniform national currency has been provided, repudiation frowned down, the national credit sustained under the most extraordinary burdens, and new bonds negotiated at lower rates. The revenues have been carefully collected and honestly applied; despite the annual large reductions of the rates of taxation, the public debt has been reduced during Gen. Grant's Presidency at the rate of one hundred millions of dollars a year; a great financial crisis has been averted, and peace and plenty prevail throughout the land.—Menacing foreign difficulties have been peacefully and honorably compromised, and the honor and power of the nation kept in high respect throughout the world. This glorious record of the past is the party's best pledge for the future. We believe the people will not intrust the government to any party or combination of men composed chiefly of those who have resisted every step of this beneficial progress.

2. Complete liberty and exact equality in the enjoyment of all civil, political and public rights should be established and effectually maintained throughout the Union by efficient and appropriate State and federal legislation. Neither the law nor its administration should admit of any discrimination in respect to any citizen by reason of race, creed, color or previous condition of servitude.

3. The recent amendments to the National Constitution should be cordially sustained, because they are right, not merely tolerated because they are the law, and should be carried out, according to their spirit, by appropriate legislation, the enforcement of which can be safely trusted only to the party that secured those amendments.

4. The national government should seek to maintain an honorable peace with all nations, protecting its citizens everywhere, and sympathizing with all peoples who strive for greater liberty.

5. Any system of civil service under which the subordinate positions of the government are considered rewards for mere party zeal is fully demoralizing, and we therefore favor a reform of the system by laws which shall abolish the evils of patronage, and make honesty, efficiency and fidelity essential qualifications for public position, without practically creating a life tenure of office.

6. We are opposed to the further grants of public lands to corporations and monopolies, and demand that the national domain be set apart for free homes for the people.

7. The annual revenues, after paying current debts, should furnish a moderate balance for the reduction of the principal, and the revenue, except so much as may be derived from a tax on tobacco and liquors, should be raised by duties on importations, the duties of which should be so adjusted as to aid in securing remunerative wages to labor, and promote the industries, growth and prosperity of the whole country.

8. We hold in undying honor the soldiers and sailors whose valor saved the Union. Their pensions are a sacred debt of the nation, and the widows and orphans of those who died for their country are entitled to the care of a generous and grateful people, and we favor such additional legislation as will extend the bounty of the government to all our soldiers and sailors who were honorably discharged, and who in the line of duty became disabled, without regard to the length of time or cause of such discharge.

9. The doctrine of Great Britain and other European powers, concerning allegiance, "once a subject, always a subject," having at last through the efforts of the Republican party, been abandoned, and the American idea of an individual's right to transfer his allegiance having been accepted by European nations, it is the duty of our government to guard with jealous care the rights of adopted citizens against the assumption of unauthorized claims by their former governments, and we urge continual and careful encouragement and protection to voluntary immigration.

10. The franking privilege ought to be abolished and the way prepared for a speedy reduction in the rates of postage.

11. Among the questions which press for attention is that which concerns the relations of capital and labor, and the Republican party recognize the duty of so shaping legislation as to secure full protection and the amplest field for capital, and for labor, the creator of capital, the largest opportunities and a just share of the mutual profits of these two great servants of civilization.

12. We hold that Congress and the President have only fulfilled an imperative duty in their measures for the suppression of violent and treasonable organizations in certain lately rebellious regions, and for the protection of the ballot box, and therefore are entitled to the thanks of the nation.

13. We denounce the repudiation of the public debt, in any form or disguise, as a national crime, and we witness with pride the reduction of the principle of the debt and upon the rates of interest upon the balance, and we confidently expect that our excellent national currency will be perfected by the speedy resumption of specie payments.

14. The Republican party is mindful of its obligations to the loyal women of America for their noble devotion to the cause of freedom, and their admission to wider fields of usefulness is received with satisfaction; and the demands of any class of citizens for additional rights should be treated with respectful consideration.

15. We heartily approve the actions of Congress in extending amnesty to those lately in rebellion, and rejoice in the growth of peace and fraternal feeling throughout the land.

16. The Republican party propose to respect the rights reserved by the people themselves as carefully as the powers delegated by them to State and to federal government. It disapproves of a resort to unconstitutional laws for the purpose of removing evils by interference with rights not surrendered by the people to either the State or national government.

17. It is the duty of the general government to adopt such measures as will tend to encourage American commerce and ship building.

18. We believe that the modest patriotism the earnest purpose, sound judgment, practical wisdom, incorruptible integrity and illustrious services of Ulysses S. Grant have commended him to the hearts of the American people, and with him at our head we start to-day on a new march to victory.

Ayer's

Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping-Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of **Consumption**, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing **Coughs**, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attacks of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome **Influenza** and painful **Bronchitis**, when they know how easily they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.

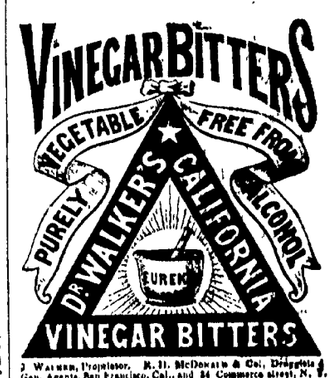
VINEGAR BITTERS



R. H. McDonald & Co., Druggists & Gen. Agents, San Francisco, Cal., and 34 Commerce street, N. Y.

MILLIONS Bear Testimony to their Wonderful Curative Effects.

They are not a vile **Fancy Drink**, made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, **free from all Alcoholic Stimulants.** They are the **GREAT BLOOD PURIFIER** and **A LIFE GIVING PRINCIPLE**, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing, also, the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. **Such Diseases** are caused by **Vitiated Blood**, which is generally produced by derangement of the **Digestive Organs.**

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid Liver and Bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring Worms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature are literally dug up and carried out in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; **cleanse it** when you find it obstructed and sluggish in the veins; **cleanse it** when it is foul, and your feelings will tell you when. **Keep the blood** pure, and the health of the system will follow.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are **effectually destroyed** and removed. Says a distinguished physiologist, there is scarcely an individual upon the face of the earth who is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that are of these living monsters of disease. No System of **Medicine, no vermifuge, no** anthelmintics will free the system from worms like these Bitters.

CHICAGO, December 1, 1871.

To the Officers of the Teutonia, Hanover, Magdeburg and Reliance Fire Ins. Co's of New York.

GENTLEMEN,—The course pursued by your Company in the adjustment and payment of our own claims, and of those we know, of all risks for losses by the great fire in this city, has been so highly honorable, prompt and straightforward, and mark the due appreciation of time to deal justly toward all parties, under all circumstances, that we desire voluntarily to acknowledge it in this public way. We consider that no stronger or test could be made, both of the responsibility and of the integrity of an Insurance organization, than yours has passed through successfully and creditably. With an unimpaired capital and unblemished responsibility, and a record for equitable settlement, decidedly surpassed by many, we congratulate you on the career of future prosperity, to which your actions here have so justly entitled you, and remain,

"I THANK YOU."

There is nothing that costs so little as politeness, and yet it is a commodity that few possess, or take pains to enrich themselves with. Rudeness and ill manners are so prevalent that, when we come in contact with a polite person, we are to be astonished. With some persons, this polish is innate, also hereditary, for there is no good and evil inherited that is generally credited; and in others it is developed by proper home transferring and refined associations.

True politeness springs from goodness of heart; a person who is sympathetic, who looks upon his fellow-creatures from a personal standpoint, cannot fail to be polite, for feeling prompts generosity, and what is politeness but generosity? The contrast visible between dress and mental caliber is curious to a student of human nature. The genuine jewel shines forth the brigher in proportion as the setting is dull; the patched coat or humble dress often fails to conceal the true nobility of the character within.

To those desirous of impressing this subject upon their friends, we would refer to railway travel, which from day to day affords opportunities of judging what is due to those with whom we come in contact. We have heard a poor person say, "Thank you," when offered a seat; and have seen elegantly dressed ladies, whose position in society is supposed to afford advantages for acquiring good manners, take a seat under similar circumstances, without a word of recognition, as if conferring a favor. Ah! the simple "Thank you," how it warms the heart, and how easy it is to say! It is like an electric shock passing from heart to heart, kindling pure emotions, strengthening one's faith in humanity, and carrying joy to secret places.

Those of us who possess the advantages which good society affords, should surely be careful not to lower ourselves below the humble classes, whose surroundings all tend to rudeness and vulgarity. According to our action, so is our reward. If we grudge the simple "thank you," the appreciative glance, we openly acknowledge our inferiority to men and women in whom the omission would be excusable.

THE DEEPEST WELL IN THE WORLD.

At about twenty miles from Berlin is situated the village of Sparenburg, noted for the deepest well that has ever been sunk. Owing to the presence of gypsum in the locality, which is at a moderate distance from the capital, it occurred to the government authorities in charge of the mines to obtain a supply of rock salt. With this end in view, the sinking of a shaft or well sixteen feet in diameter was commenced five years ago, and at a depth of 280 the salt was reached. The boring has continued to a further depth of 960, the diameter of this bore being reduced to 13 inches. the operations were subsequently prosecuted by the aid of steam until a depth of 4,194 feet was attained. At this point the boring was discontinued, the borer or bit being still in the salt deposit, which thus exhibits the enormous thickness of 3,907 feet. The boring would have been continued in order to discover what description of deposit lay under the salt, but for the mechanical difficulties connected with the further prosecution of the operations. During the progress of this interesting work, repeated and careful observations were made of the tedperature at various depths, the results confirm very closely those which have been already arrived at under similar circumstances.

A CRITICISM ON CARDS.—A week or two since, a distinguished clergyman discussed the question of card playing, summing up in favor of the practice one argument being that it conduced to the quiet and quietness. The editor of a religious newspaper looking back on his godless days, doesn't agree with him, and thus sums up his reasons:—What experience we have had of cards is opposed to his. Seven up we have generally found to be prolific of furious discussions as to who played 'the low' and we never saw a silent game of whist. On the contrary as soon as the last trick is taken, one of the defeated players is sure to call out to his partner, 'what in thunder did you play that diamond for?' Whether the preacher is right or not, the editor certainly makes a strong case, and the majority of the experienced can hardly help seeing it in the same light.

A hot-headed Waterbury, Ct., lad was recently trying to catch a base ball, when it rolled upon the railroad track just in front of a coming train. But Young America was not to be cheated and he went for the ball just in time to be caught by the cow catcher of the engine, and carried along about two hundred feet before the train could be stopped. The boy wasn't hurt but he missed the ball.

Twenty-five thousand dollars—one-half of the amount the company want—have been already subscribed in Jacksonville, toward establishing a car manufactory in that city. Those having the raising of subscriptions in hand, think there is no doubt but that the whole amount will soon be forthcoming.

THE Grand Lodge of the Order of Odd Fellows is in session at Baltimore.

THE PLATFORM.

The following is the Platform adopted by the National Republican Convention at Philadelphia:

The Republican party of the United States, assembled in National Convention in the city of Philadelphia, on the 5th and 6th days of June, 1872, again declares its faith, appeals to its history, and announces its position upon the questions before the country.

1. During the eleven years of its supremacy it has accepted with grand courage the solemn duties of the time. It suppressed a gigantic rebellion, emancipated 4,000,000 slaves, decreed the equal citizenship of all and established universal suffrage, exhibiting unparalleled magnanimity. It criminally punished no man for political offense, and warmly welcomed all who proved their loyalty by obeying the laws and dealing justly with their neighbors. It has steadily decreased with a firm hand the resultant disorders of the great war, and indicated a wise policy towards the Indians. The Pacific railroad and similar vast enterprises have been generally aided and successfully conducted. The public lands have been freely given to actual settlers, immigration protected and encouraged, and a full acknowledgment of naturalized citizens' rights secured from European powers. A uniform national currency has been provided, repudiation frowned down, the national credit sustained under the most extraordinary burdens, and new bonds negotiated at lower rates. The revenues have been carefully collected and honestly applied; despite the annual large reductions of the rates of taxation, the public debt has been reduced during Gen. Grant's Presidency at the rate of one hundred millions of dollars a year; a great financial crisis has been averted, and peace and plenty prevail throughout the land.—Menacing foreign difficulties have been peacefully and honorably compromised, and the honor and power of the nation kept in high respect throughout the world. This glorious record of the past is the party's best pledge for the future. We believe the people will not intrust the government to any party or combination of men composed chiefly of those who have resisted every step of this beneficial progress.

2. Complete liberty and exact equality in the enjoyment of all civil, political and public rights should be established and effectually maintained throughout the Union by efficient and appropriate State and federal legislation. Neither the law nor its administration should admit of any discrimination in respect to any citizen by reason of race, creed, color or previous condition of servitude.

3. The recent amendments to the National Constitution should be cordially sustained, because they are right, not merely tolerated because they are the law, and should be carried out, according to their spirit, by appropriate legislation, the enforcement of which can be safely trusted only to the party that secured those amendments.

4. The national government should seek to maintain an honorable peace with all nations, protecting its citizens everywhere, and sympathizing with all peoples who strive for greater liberty.

5. Any system of civil service under which the subordinate positions of the government are considered rewards for mere party zeal is fully demoralizing, and we therefore favor a reform of the system by laws which shall abolish the evils of patronage, and make honesty, efficiency and fidelity essential qualifications for public position, without practically creating a life tenure of office.

6. We are opposed to the further grants of public lands to corporations and monopolies, and demand that the national domain be set apart for free homes for the people.

7. The annual revenues, after paying current debts, should furnish a moderate balance for the reduction of the principal, and the revenue, except so much as may be derived from a tax on tobacco and liquors, should be raised by duties on importations, the duties of which should be so adjusted as to aid in securing remunerative wages to labor, and promote the industries, growth and prosperity of the whole country.

8. We hold in undying honor the soldiers and sailors whose valor saved the Union. Their pensions are a sacred debt of the nation, and the widows and orphans of those who died for their country are entitled to the care of a generous and grateful people, and we favor such additional legislation as will extend the bounty of the government to all our soldiers and sailors who were honorably discharged, and who in the line of duty became disabled, without regard to the length of time or cause of such disability.

9. The doctrine of Great Britain and other European powers, concerning allegiance, "once a subject, always a subject," having at last through the efforts of the Republican party, been abandoned, and the American idea of an individual's right to transfer his allegiance having been accepted by European nations, it is the duty of our government to guard with jealous care the rights of adopted citizens against the assumption of unauthorized claims by their former governments, and we urge continual and careful encouragement and protection to voluntary immigration.

10. The franking privilege ought to be abolished and the way prepared for a speedy reduction in the rates of postage.

11. Among the questions which press for attention is that which concerns the relations of capital and labor, and the Republican party recognize the duty of so shaping legislation as to secure full protection and the amplest field for capital, and for labor, the creator of capital, the largest opportunities and a just share of the mutual profits of these two great servants of civilization.

12. We hold that Congress and the President have only fulfilled an imperative duty in their measures for the suppression of violent and treasonable organizations in certain lately rebellious regions, and for the protection of the ballot box, and therefore are entitled to the thanks of the nation.

13. We denounce the repudiation of the public debt, in any form or disguise, as a national crime, and we witness with pride the reduction of the principle of the debt and upon the rates of interest upon the balance, and we confidently expect that our excellent national currency will be perfected by the speedy resumption of specie payments.

14. The Republican party is mindful of its obligations to the loyal women of America for their noble devotion to the cause of freedom, and their admission to wider fields of usefulness is received with satisfaction; and the demands of any class of citizens for additional rights should be treated with respectful consideration.

15. We heartily approve the actions of Congress in extending amnesty to those lately in rebellion, and rejoice in the growth of peace and fraternal feeling throughout the land.

16. The Republican party propose to respect the rights reserved by the people themselves as carefully as the powers delegated by them to State and to federal government. It disapproves of a resort to unconstitutional laws for the purpose of removing evils by interference with rights not surrendered by the people to either the State or national government.

17. It is the duty of the general government to adopt such measures as will tend to encourage American commerce and ship building.

18. We believe that the modest patriotism the earnest purpose, sound judgment, practical wisdom, incorruptible integrity and illustrious services of Ulysses S. Grant have commended him to the hearts of the American people, and with him at our head we start to-day on a new march to victory.

Ayer's

Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping-Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of **Consumption**, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing **Coughs**, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attacks of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome **Influenza** and painful **Bronchitis**, when they know how easily they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.

PURELY CALIFORNIA

DR. WALKER'S

VINEGAR BITTERS

J. Walker, Proprietor. R. H. McDonald & Co., Druggists & Gen. Agents, San Francisco, Cal., and 32 Commerce street, N. Y.

MILLIONS Bear Testimony to their Wonderful Curative Effects.

They are not a vile Fancy Drink, made of Fusel Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing, also, the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, in young, old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid Liver and Bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring Worms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature are literally dug up and carried out of the system in a few weeks by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Such a distinguished physiologist, there is scarcely an individual upon the face of the earth whose body is entirely free from them. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and effete matter that fill the stomach and bowels. Expel these living monsters of disease. No System of Medicine, no vermifuge, no anthelmintics will free the system from worms like these Bitters.

OCCASIONAL USE OF THE SEXUAL ORGANS when ill-applied or abused, by young and inexperienced persons, or those of mature years, is followed with the most deplorable results. Ignorance of the structure and physiology of the sexual system, and of the simple laws which govern it in health and disease, is the principal cause of the prevalence of sexual diseases, which can be entirely prevented. A Medical Treatise on this subject, containing 125 pages, and various valuable and original prescriptions, suitable for domestic use, and advice to the married and single of both sexes, as to the cause of their ill-health, and how to cure themselves, is given in the Science of Life, or Self-Preservation, a book of lectures to his private surgical class, by EDWARD H. DIXON, M. D., 42 Fifth Avenue, New York; 64 pages, 25 cents.

WHITMORE ENTHUSED.

A large and enthusiastic gathering of the Republicans of Whitmore Township took place last night. White's school house—the place of meeting—was literally packed to overflowing, the audience numbering over one hundred by actual count, not including 20 Decatur Tanners. David Garver, Esq., presided. L. F. Muzzy addressed the meeting in a spirited and telling speech of one hour and a half, interspersed with frequent applause from the audience; after which C. C. McComas being loudly called for responded in a few pointed and well timed remarks upon the character and standing of the contending political parties, and which most recommended itself to the support of the people. At the close of the speaking a mounted Tanner Company was organized with over 10 names to start with and the promise of enough more to make it 75 or 100. Whitmore is all right.

THREE MONTHS AGO.

When Col. George W. Carter, of Louisiana, was here, ten days ago, many of our citizens were induced to attend his meeting by the announcement that he had been a delegate to the Philadelphia convention. We were aware of the fact that he had made a speech at that convention, but were unable at the time to procure a copy of it. Last evening we received the pamphlet copy of the proceedings of the convention, from which we copy the full text of Col. Carter's speech. Having been called to the platform he put himself on record as follows:

Mr. President and Gentlemen of the Convention: I appreciate your desire to hear something of the Republican candidates from a Confederate, who believed he was right, although a speech from me at this time may not be very appropriate. I am an ex-Confederate soldier who needed reconstruction, and if I am any judge in the matter, I believe that I have been reconstructed. I came out of the war with only two planks in my platform. One was from the Democratic platform, which was, if I could not get what I wanted, to take what I could get. The other was a philosophical plank, to have no prejudices, and that a whipped man was not entitled to his prejudices. I think I am a type of the men who fought honestly and got whipped squarely on that question. We have come through the war, and have learned lessons which we think will be valuable. I think our people down there are learning. One of the lessons we have learned is this, that the will of the American it to be respected. [Applause.]

The Hollander was our type of the revolutionist. We have now taken the French type, that when we get whipped, if the country won't follow us we will follow it. We came out of the war with that purpose, and you will find it in the south to-day in the Presidential election approaching, and if the issue is made between Grant and Greeley, the Southern people who were honest in their convictions, and have abandoned their abstractions as far as they entered into the fight, prefer an honest, practical man, who makes them behave themselves. [Applause.] They prefer a man who does not cry over them as they weep over their distress, but tells them they must work if they would be happy, that the true remedy for the evils under which they labor is to go to work and adjust themselves to the condition of the country as they find it in their new relations. I believe to-day if the Democrats endorse Mr. Greeley, General Grant will get more straight Democratic votes than Greeley will in Louisiana. [Applause.]

ILLINOIS CONFERENCE.

Forty-Ninth Session.

Quincy District.—P. Wallace, P. E. There are 16 appointments, the total receipts on salary are $15,450, making an average of $887. The highest salary paid is $1,850, and the smallest is $500. He has preached 287 sermons, traveled over 6,000 miles; has built two new parsonages and two new churches, which are paid for, with one exception. The preachers and their families have enjoyed good health.—The Roman element is strong in Quincy, and wickedness and lager beer are not lacking. In reference to the benevolent collections he thought there was no scarcity of money, but that each pastor ought to visit each member of his charge and make a demand for the collections. R. Chapman was granted a supernumerary relation. Missionary collections amounted to $862 35.

After the reading of the minutes and the benediction, the Conference adjourned.

FRIDAY MORNING.

The Conference met at 8½ o'clock. The devotional exercises were conducted by Rev R E Guthrie, after which a collection of $22 was taken up to pay for books used by the Secretaries

Revs. Richard Haney, James Haney and Hall, of the Central Illinois Conference, were introduced.

A paper was read explaining a new law relative to church property.

A resolution was offered relating to the above, which was referred to Judge Thomas, of Jacksonville, and J R Gorin, Esq, of this city, for the purpose, if necessary, of testing its legality.

Judge Thomas presented a paper favoring a change of the restrictive rule in the General Conference, which was placed in the hands of the Bishops, to be presented to the annual conferences the year preceding the next General Conference.

A paper in the interest of Illinois Female College, Jacksonville, was read. The college is free of debt, but the endowment is not available.

Prof. De Mott, President, made a few remarks in the interest of the college.

A discussion sprung up relative to the money sent to Chicago to aid in rebuilding Methodist churches in that city. It was decided that all money that passed through the hands of the agents of the Church Extension Society, or their auxiliaries, would be credited to that society.

Rev Dr Rust, agent of the Freedmen's Aid Society, was introduced, and addressed the conference in the interest of that society. The society has raised during six years $300,000, and expended for colleges $150,000. His address was an eloquent appeal in behalf of the elevation of the colored race. The salvation of the world is in three boxes, viz: the cartridge box, the ballot box, and the contribution box, but the greatest of these is the contribution box.

Rev Geo Barrett, State Agent of the Freedmen's Aid Society, also made his annual report. The total amount raised in 16 months was $1,717 31.

Rev Dr E O Haven, Secretary of the Board of Education, made a short speech on the educational interests of the church. This society proposes to loan money to young men and young women to aid them in acquiring an education. Nine out of ten young men who are called to the ministry have no money. John Jacob Astor said it cost him more effort, labor, and hardship to earn his first thousand dollars than all the rest of his fortune.

The death of the infant child of Rev R Gregg was announced, the funeral of which will be held at Harristown at 2 o'clock, conducted by Rev P Akers.

Mrs J F Willing was introduced, and addressed the conference in the interest of the Woman's Foreign Missionary Society, which is designed to co-operate with the great Missionary Society of the church. In India, in reference to training children, it is one of their canons that the husband always yields to his wife, if they differ, hence woman is the motive power, and male missionaries alone can't do the required work; the church must send christian women who can go into the homes of the people where men would be repulsed.

Rev Dr Goodwin offered a resolution favoring the earnest support of the Woman's Foreign Missionary Society, and that it should be recognized as a legitimate agency in the church, which was adopted.

Rev. Dr. Fry, editor of the *Central Christian Advocate*, St. Louis, spoke in the interest of that paper. The *Central* has not reached the point where it will pay. The present subscription list is about 10,000. He urged the preachers to more than double the list. Rev. J Crane said that next to preaching the gospel the religious newspaper does the most good.

The hearing of reports from presiding elders was resumed.

Mattoon District.—Rev. W H McGinnis, P. E., reported that the salaries range from $400 to $1,200, the average salary being $832. $2,500 had been expended during the year for church extension in the district; 11 parsonages—ought to have 22.

Rev I H Aldrich was granted a superannuated relation.

$710,15 missionary money was reported, which was not a full report.

South Quincy District.—Rev. A S McCoy, P E, reported that the preachers of his district have traveled 2080 miles, preached 335 sermons, made 4003 pastoral visits, and have received $10,500; $1,500 being the highest and $400 the lowest.

Books, tracts and periodicals have been generally circulated.

An imposter by the name of Francis Mitchell succeeded in doing much harm to the cause of Christ, but he has now left this country.

Missionary collection is $672,95. These amounts do not include the reports of the under-graduates.

The following deacons were elected to elders orders: Thos J Barr, M L Kerl, Peter A Swart, John T Roberts, Reuben Gregg, John A Kirmler, Thos I Weams, Jos K Miller and Phillip C Carroll.

C W Connor was granted a superannuated relation.

Rev A Semple announced that Rev W H Reed, of Champaign, had received a telegram from Col. Coler, who is in New York, that he would give enough money to meet their quota of their missionary collection, the deficiency of which was $115.

Rev J Everly was granted a superannuated relation.

J T Orr was appointed to take the place of C Adkinson, on the committee for the examination of deacons.

Rev W S Hooper asked for leave of absence on Saturday and Monday, which was granted, and Rev James Leaton was appointed Secretary during his absence.

The following special committee was appointed to investigate the case of Rev S S McGinnis, presiding elder of Mattoon district: J L Crane, J Leaton, R E Guthrie, W Stevenson and W H Webster.

The minutes were read and approved.

Conference adjourned.

TRUMBULL AT CLINTON.

DECATUR, ILL., Sept. 19, 1872.

MESSRS. EDITORS:—The *Magnet's* description of "The Grand Liberal Mass Meeting at Clinton" is rather huge He tells us that over thirteen thousand liberals were present, and that "Immense Enthusiasm" prevailed. Were there no democrats or republicans present? "The vast multitude was *rivited to their seats*, except those who were standing, who stood amazed" and became "bewildered with awe" at the *thunder* and *lightning* as it flowed from the lips of the great *nullifier*, L. Trumbull. His matchless eloquence was heard for miles around, and every eye was suffused with tears as he plead for reform in "*nepotism*" and in the raising of "*bull pups*." 'Twas a grand sight all should have seen, to fully appreciate the halo of glory which surrounded the tall, talented and *ten thousand dollar Senator*, as he stood there looking down upon the millions before him, with his eagle eyes cast into the future and pleading for the cause of *sold out democracy*. He exhorted all *true democrats* to support Horace Greeley, on the ground of his devotion to democracy, and promised them he should be their "Moses,' who should take their feet out of the "mire and the clay" and place them in office He spoke vehemently for six long hours, and when the vast assembly dispersed there was scarcely an empty individual to be found, but all felt fully enthused—full of the essence of true democracy.

A REPUBLICAN.

THE Democratic and Greeley papers will commence to abuse the Soldiers' and Sailors' Convention at Pittsburg, in a few days. The men who compose it were all office-holders a few years ago, and the very kind of office-holders who did the work most objectionable to the Greeleyites

DEATH OF THE KING OF SWEDEN,

THE VARIOUS STATE FAIRS.

Hon. Garret Davis About to Die.

FROM NEW YORK.

NEW YORK, Sept. 19.—At Long Branch, President Grant expressed himself to a reporter as pleased with the result of the Alabama claims arbitration. A settlement of the contest, in his opinion, was not for dollars and cents, but for the preservations of amity between the two countries, with a full and firm maintenance of our national dignity. These points have been achieved, and the nation should be satisfied. The President leaves next Wednesday for Washington to remain for the winter.

The Tammany committee yesterday struck from its rolls of organization the names of a hundred men whose political conduct is objectionable.

Rumors were current yesterday that the various organizations had determined to unite on the name of Charles O'Conor for mayor, but were subsequently dispelled by the authoritative statement of O'Conor that, under no circumstances, would he accept the nomination.

FROM PENNSYLVANIA.

ERIE, Pa. Sept. 19.—Gov. Geary and staff reviewed the Twentieth Division of National Guard here to-day. Sixteen companies were represented by Maj. Gen. Huidekoper. The display was brilliant and imposing. Gov. Geary and others addressed the troops.

The Earl of Dufferin and Claudebay, Governor General of Canada, with his Countess, have signified their intention of visiting the State Fair here to-morrow (Friday.)

Congressmen Scofield disposes of the credit mobilier slander so far as it concerns him in to-morrow's *Dispatch*. He says he never received a cent of stock in the company.

General Allen, candidate for Auditor General, had his foot crushed, though not badly, by being pushed under a passing train, at the depot, this afternoon.

PITTSBURG, September 19.—Horace Greeley arrived in this city at about 7 o'clock to-night. He was met at the Union Depot by the Democratic Executive Committee, representatives of the Liberal Republican party, and prominent German Reformers. A procession of about 400 men, with uniforms and torches, were awaiting his arrival, and escorted him through the principal streets of the city to his hotel. On reaching the hotel Greeley made a speech severely criticising the Administration. He was followed by Gov. Walker of Va., and a few local politicians. The weather was rather bad for an outdoor demonstration. Greeley leaves for the Ohio in the morning.

FROM OHIO.

CINCINNATI, Sept. 19.—The train conveying the Hon. Horace Greeley to this city will reach here 2:45 to-morrow afternoon, when the committee of reception from the City Council and Industrial Exposition will meet their guest and escort him to the Burnet House. A reception will be tendered Mr. Greeley at that time by the city Magnates; he will then be consulted as to his time of visiting the exposition, when the programme of his reception at that place will be agreed upon.

Hon. George H. Pendleton has arrived at New York from Europe. He will at once come West and take an active part in the Presidential campaign.

Hon. Garret Davis was lying at the point of death at his residence in Paris, Ky., yesterday.

FROM ILLINOIS.

OTTAWA, Sept. 19.—A special to the *Tribune* says the floral display at the State Fair is rather limited.

The show of fruit is pronounced as nothing to what it should be in Illinois, though Mr. Dunlap, of Champaign, has 140 varieties.

Mr. Haskell has 300 varieties of vegetables.

Horses and farm stock delight the eye. The show of Durham cattle is enormous, and very superior. Swine are pretty fully represented, the Berkshire taking the lead.

Sheep are in better display that before since 1866.

The chicken department is full.

Mr. Sullivant, the 40,000 acre farmer, lost a seven hundred dollar watch.

FROM INDIANA.

INDIANAPOLIS, September 19.—The straight-out democratic state convention met here to-day, Dr. Sherrod, of Orange county, being chosen chairman.—One hundred persons were present. A resolution was adopted endorsing the Louisville nominees. The following ticket was nominated: For Governor, A. P. Edgarton; for lieutenant governor, Green Durben; secretary of state Alfred Parson; auditor of state, Otto Boellicker; treasurer of state, Dr. McBride; attorney general, Thomas Benham: Congressmen at large, Major W. C. Moreau and Dr. W. F. Sherwood! electors for state at large, Graham N. Fitch, Chas. Reeves, James Mellison and T. Foster. A full state central committee was then appointed and the convention adjourned to meet at the Masonic hall to-night to hear adresses by Major Moreau and others.

DESMOINES, Sept. 19.—B F. Parks, the Illinois Democrat who is supporting Grant and stumping the West for him, addressed a large crowd of Republicans and Democrats here this evening, and made a speech of much merit. It was universally voted to be the most entertaining speech delivered here during the campaign, and prominent Republicans say it was the most effective. He spoke for over two hours. He left on the 11 o'clock train for Davenport, where he speaks to-morrow.

STOCKHOLM, Sept. 19.—His Majesty King Charles XV. of Sweden, died at Malmo, last night. The sad event has cast the deepest gloom over the royal household. Charles Louis Eugene, King of Sweden, was son of Oscar I., King of Sweden and Norway, and was born in 1826. He married the Princess Wilhesima, a daughter of Prince Frederick, of Netherlands, in 1850, and ascended the Swedish throne on his father's death in 1859.

ST. PAUL, Sept. 19.—This has been the great day of the State Fair, from fifteen thousand to twenty thousand persons being present. All departments are now filled, and the exhibition is a grand success.

The United States Commissioner of Agriculture, Hon. Fred K. Watts, delivered the annual address this afternoon to an immense crowd. There were fifteen thousand people on the Fair Grounds and ten thousand at Barnum's show at the same time this afternoon.

St. Paul never before had such a magnificent Fair.

HON S. S. Cox is Mr. Greeley's candidate for Congressman-at-large in New York. Mr. Greeley's opinion of his candidate was tersely expressed in the *Tribune* some time ago, as follows: "Cox reminds us of an old Greek story of the donkey that devoured a rope of straw at one end, while a foolish old woman twisted industriously at the other. 'Is Cox like the donkey or the old woman?' some reader may ask. Whichever you please, O gentle inquirer! But whether he is asinine or anile, he is no better than a disunionist of that worst of variety, which prattles upon northern platforms instead of fighting on Southern fields."

Battalion Organization.—A meeting of the officers of the Tanner Companies was held in the office of W F Ballard, on Thursday evening, Sept. 19th, Col. W H Harris chairman.

The following companies were represented:

Rolling Mill Tanners, Capt. Ira Harris;
Colored Tanners, Capt. White;
Young Men's Tanners, Capt. Mason;
Wheel Horse Company, Capt. Martin;
Juvenile Tanners, Capt. Holt;
Factory Tanners, Capt. Lytle.

The object of the meeting being to complete the organization of a battalion, an election for Lieut. Col., Major, Adjutant and Quartermaster was held, with the following result:

M F Kanan, Lieutenant Colonel;
W F Ballard, Major;
E M Misner, Adjutant;
M P Murphy, Quartermaster and Treasurer.

Companies were assigned positions in the battalion as follows:

Rolling Mill Tanners on the right; Factory Tanners, Colored Tanners, Juvenile Tanners, Wheel Horse Tanners, and Young Men's Tanners on the left, the flanking companies on parades to take advance alternately.

Company headquarters were designated as follows:

Rolling Mill company, at Rolling Mill;
Factory company at Wilson & Drake's Boiler Works;
Juvenile company, at old Masonic Hall;
Wheel Horse company, in front of Abel & Locke's store;

W H HARRIS, Chm'n.
R P LYTLE, Secretary.

WHITMORE ENTHUSED.

A large and enthusiastic gathering of the Republicans of Whitmore Township took place last night. White's school house—the place of meeting—was literally packed to overflowing, the audience numbering over one hundred by actual count, not including 20 Decatur Tanners. David Oarver, Esq., presided. L. F. Muzzy addressed the meeting in a spirited and telling speech of one hour and a half, interspersed with frequent applause from the audience; after which C. C. McComas being loudly called for responded in a few pointed and well timed remarks upon the character and standing of the contending political parties, and which most recommended itself to the support of the people. At the close of the speaking a mounted Tanner Company was organized with over 10 names to start with and the promise of enough more to make it 75 or 100. Whitmore is all right.

THREE MONTHS AGO.

When Col. George W. Carter, of Louisiana, was here, ten days ago, many of our citizens were induced to attend his meeting by the announcement that he had been a delegate to the Philadelphia convention. We were aware of the fact that he had made a speech at that convention, but were unable at the time to procure a copy of it. Last evening we received the pamphlet copy of the proceedings of the convention, from which we copy the full text of Col. Carter's speech. Having been called to the platform he put himself on record as follows:

Mr. President and Gentlemen of the Convention: I appreciate your desire to hear something of the Republican candidates from a Confederate, who believed he was right, although a speech from me at this time may not be very appropriate. I am an ex-Confederate soldier who needed reconstruction, and if I am any judge in the matter, I believe that I have been reconstructed. I came out of the war with only two planks in my platform. One was from the Democratic platform, which was, if I could not get what I wanted, to take what I could get. The other was a philosophical plank, to have no prejudices, and that a whipped man was not entitled to his prejudices. I think I am a type of the men who fought honestly and got whipped squarely on that question. We have come through the war, and have learned lessons which we think will be valuable. I think our people down there are learning. One of the lessons we have learned is this, that the will of the American it to be respected. [Applause.]

The Hollander was our type of the revolutionist. We have now taken the French type, that when we get whipped, if the country won't follow us we will follow it. We came out of the war with that purpose, and you will find it in the south to-day in the Presidential election approaching, and if the issue is made between Grant and Greeley, the Southern people who were honest in their convictions, and have abandoned their abstractions as far as they entered into the fight, prefer an honest, practical man, who makes them behave themselves. [Applause.] They prefer a man who does not cry over them as they weep over their distress, but tells them they must work if they would be happy, that the true remedy for the evils under which they labor is to go to work and adjust themselves to the condition of the country as they find it in their new relations. I believe to-day if the Democrats endorse Mr. Greeley, General Grant will get more straight Democratic votes than Greeley will in Louisiana. [Applause.]

ILLINOIS CONFERENCE.

Forty-Ninth Session.

Quincy District.—P. Wallace, P. E. There are 16 appointments, the total receipts on salary are $15,450, making an average of $887. The highest salary paid is $1,850, and the smallest is $500. He has preached 287 sermons, traveled over 6,000 miles; has built two new parsonages and two new churches, which are paid for, with one exception. The preachers and their families have enjoyed good health.—The Roman element is strong in Quincy, and wickedness and lager beer are not lacking. In reference to the benevolent collections he thought there was no scarcity of money, but that each pastor ought to visit each member of his charge and make a demand for the collections. R. Chapman was granted a supernumerary relation. Missionary collections amounted to $862 35.

After the reading of the minutes and the benediction, the Conference adjourned.

FRIDAY MORNING.

The Conference met at 8½ o'clock. The devotional exercises were conducted by Rev R E Guthrie, after which a collection of $22 was taken up to pay for books used by the Secretaries

Revs. Richard Haney, James Haney and Hall, of the Central Illinois Conference, were introduced.

A paper was read explaining a new law relative to church property.

A resolution was offered relating to the above, which was referred to Judge Thomas, of Jacksonville, and J R Gorin, Esq, of this city, for the purpose, if necessary, of testing its legality.

Judge Thomas presented a paper favoring a change of the restrictive rule in the General Conference, which was placed in the hands of the Bishops, to be presented to the annual conferences the year preceding the next General Conference.

A paper in the interest of Illinois Female College, Jacksonville, was read. The college is free of debt, but the endowment is not available.

Prof. De Mott, President, made a few remarks in the interest of the college.

A discussion sprung up relative to the money sent to Chicago to aid in rebuilding Methodist churches in that city. It was decided that all money that passed through the hands of the agents of the Church Extension Society, or their auxiliaries, would be credited to that society.

Rev Dr Rust, agent of the Freedmen's Aid Society, was introduced, and addressed the conference in the interest of that society. The society has raised during six years $300,000, and expended for colleges $150,000. His address was an eloquent appeal in behalf of the elevation of the colored race. The salvation of the world is in three boxes, viz: the cartridge box, the ballot box, and the contribution box, but the greatest of these is the contribution box.

Rev Geo Barrett, State Agent of the Freedmen's Aid Society, also made his annual report. The total amount raised in 16 months was $1,717 31.

Rev Dr E O Haven, Secretary of the Board of Education, made a short speech on the educational interests of the church. This society proposes to loan money to young men and young women to aid them in acquiring an education. Nine out of ten young men who are called to the ministry have no money. John Jacob Astor said it cost him more effort, labor, and hardship to earn his first thousand dollars than all the rest of his fortune.

The death of the infant child of Rev R Gregg was announced, the funeral of which will be held at Harristown at 2 o'clock, conducted by Rev P Akers.

Mrs J F Willing was introduced, and addressed the conference in the interest of the Woman's Foreign Missionary Society, which is designed to co-operate with the great Missionary Society of the church. In India, in reference to training children, it is one of their canons that the husband always yields to his wife, if they differ, hence woman is the motive power, and male missionaries alone can't do the required work; the church must send christian women who can go into the homes of the people where men would be repulsed.

Rev Dr Goodwin offered a resolution favoring the earnest support of the Woman's Foreign Missionary Society, and that it should be recognized as a legitimate agency in the church, which was adopted.

Rev. Dr. Fry, editor of the *Central Christian Advocate*, St. Louis, spoke in the interest of that paper. The *Central* has not reached the point where it will pay. The present subscription list is about 10,000. He urged the preachers to more than double the list. Rev. J Crane said that next to preaching the gospel the religious newspaper does the most good.

The hearing of reports from presiding elders was resumed.

Mattoon District.—Rev. W H McGinnis, P. E., reported that the salaries range from $400 to $1,200, the average salary being $832. $2,500 had been expended during the year for church extension in the district; 11 parsonages—ought to have 22.

Rev I H Aldrich was granted a superannuated relation.

$710,15 missionary money was reported, which was not a full report.

South Quincy District.—Rev. A S McCoy, P E., reported that the preachers of his district have traveled 2080 miles, preached 315 sermons, made 4003 pastoral visits, and have received $10,500; $1,600 being the highest and $400 the lowest.

Books, tracts and periodicals have been generally circulated.

An imposter by the name of Francis Mitchell succeeded in doing much harm to the cause of Christ, but he has now left this country.

Missionary collection is $672,95. These amounts do not include the reports of the under-graduates.

The following deacons were elected to elders orders: Thos J Barr, M L Kerl, Peter A Swart, John T Roberts, Reuben Gregg, John A Kirmler, Thos I Weams, Jos K Miller and Phillip C Carroll.

C W Connor was granted a superannuated relation.

Rev A Semple announced that Rev W H Reed, of Champaign, had received a telegram from Col. Color, who is in New York, that he would give enough money to meet their quota of their missionary collection, the deficiency of which was $115.

Rev J Everly was granted a superannuated relation.

J T Orr was appointed to take the place of C Adkinson, on the committee for the examination of deacons.

Rev W S Hooper asked for leave of absence on Saturday and Monday, which was granted, and Rev James Leaton was appointed Secretary during his absence.

The following special committee was appointed to investigate the case of Rev S S McGinnis, presiding elder of Mattoon district: J L Crane, J Leaton, R E Guthrie, W Stevenson and W H Webster.

The minutes were read and approved.

Conference adjourned.

TRUMBULL AT CLINTON.

DECATUR, ILL., Sept. 19, 1872.

MESSRS. EDITORS:—The *Magnet's* description of "The Grand Liberal Mass Meeting at Clinton" is rather huge. He tells us that over thirteen thousand liberals were present, and that "Immense Enthusiasm" prevailed. Were there no democrats or republicans present? "The vast multitude was *riveted to their seats*, except those who were standing, who stood amazed" and became "bewildered with awe" at the *thunder* and *lightning* as it flowed from the lips of the great *nullifier*, L. Trumbull. His matchless eloquence was heard for miles around, and every eye was suffused with tears as he plead for reform in "*nepotism*" and in the raising of "*bull pups*." 'Twas a grand sight all should have seen, to fully appreciate the halo of glory which surrounded the tall, talented and *ten thousand dollar Senator*, as he stood there looking down upon the millions before him, with his eagle eyes cast into the future and pleading for the cause of *sold out democracy*. He exhorted all *true democrats* to support Horace Greeley, on the ground of his devotion to democracy, and promised them he should be their "Moses,' who should take their feet out of the "mire and the clay" and place them in office. He spoke vehemently for six long hours, and when the vast assembly dispersed there was scarcely an empty individual to be found, but all felt fully enthused—full of the essence of true democracy.

A REPUBLICAN.

THE Democratic and Greeley papers will commence to abuse the Soldiers' and Sailors' Convention at Pittsburg, in a few days. The men who compose it were all office-holders a few years ago, and the very kind of office-holders who did the work most objectionable to the Greeleyites.

General Allen, candidate for Auditor General, had his foot crushed, though not badly, by being pushed under a passing train, at the depot, this afternoon.

PITTSBURG, September 19.—Horace Greeley arrived in this city at about 7 o'clock to-night. He was met at the Union Depot by the Democratic Executive Committee, representatives of the Liberal Republican party, and prominent German Reformers. A procession of about 400 men, with uniforms and torches, were awaiting his arrival, and escorted him through the principal streets of the city to his hotel. On reaching the hotel Greeley made a speech severely criticising the Administration. He was followed by Gov. Walker of Va., and a few local politicians. The weather was rather bad for an outdoor demonstration. Greeley leaves for the Ohio in the morning.

FROM OHIO.

CINCINNATI, Sept. 19.—The train conveying the Hon. Horace Greeley to this city will reach here 2:45 to-morrow afternoon, when the committee of reception from the City Council and Industrial Exposition will meet their guest and escort him to the Burnet House. A reception will be tendered Mr. Greeley at that time by the city Magnates; he will then be consulted as to his time of visiting the exposition, when the programme of his reception at that place will be agreed upon.

Hon. George H. Pendleton has arrived at New York from Europe. He will at once come West and take an active part in the Presidential campaign.

Hon. Garret Davis was lying at the point of death at his residence in Paris, Ky., yesterday.

FROM ILLINOIS.

OTTAWA, Sept. 19.—A special to the *Tribune* says the floral display at the State Fair is rather limited.

The show of fruit is pronounced as nothing to what it should be in Illinois, though Mr. Dunlap, of Champaign, has 140 varieties.

Mr. Haskell has 300 varieties of vegetables.

Horses and farm stock delight the eye. The show of Durham cattle is enormous, and very superior. Swine are pretty fully represented, the Berkshire taking the lead.

Sheep are in better display that before since 1866.

The chicken department is full.

Mr. Sullivant, the 40,000 acre farmer, lost a seven hundred dollar watch.

FROM INDIANA.

INDIANAPOLIS, September 19.—The straight-out democratic state convention met here to-day. Dr. Sherrod, of Orange county, being chosen chairman.—One hundred persons were present. A resolution was adopted endorsing the Louisville nominees. The following ticket was nominated: For Governor, A. P. Edgarton; for lieutenant governor, Green Durben; secretary of state Alfred Parson; auditor of state, Otto Boellicker; treasurer of state, Dr. McBride; attorney general, Thomas Bonham: Congressmen at large, Major W. C. Moreau and Dr. W. F. Sherwood! electors for state at large, Graham N. Fitch, Chas. Reeves, James Mellison and T. Foster. A full state central committee was then appointed and the convention adjourned to meet at the Masonic hall to-night to hear adresses by Major Moreau and others.

DESMOINES, Sept. 19.—B F. Parks, the Illinois Democrat who is supporting Grant and stumping the West for him, addressed a large crowd of Republicans and Democrats here this evening, and made a speech of much merit. It was universally voted to be the most entertaining speech delivered here during the campaign, and prominent Republicans say it was the most effective. He spoke for over two hours. He left on the 11 o'clock train for Davenport, where he speaks to-morrow.

STOCKHOLM, Sept. 19.—His Majesty King Charles XV. of Sweden, died at Malmo, last night. The sad event has cast the deepest gloom over the royal household. Charles Louis Eugene, King of Sweden, was son of Oscar I., King of Sweden and Norway, and was born in 1826. He married the Princess Wilhesima, a daughter of Prince Frydcrick, of Netherlands, in 1850, and ascended the Swedish throne on his father's death in 1859.

ST. PAUL, Sept. 19.—This has been the great day of the State Fair, from fifteen thousand to twenty thousand persons being present. All departments are now filled, and the exhibition is a grand success.

The United States Commissioner of Agriculture, Hon. Fred K. Watts, delivered the annual address this afternoon to an immense crowd. There were fifteen thousand people on the Fair Grounds and ten thousand at Barnum's show at the same time this afternoon.

St. Paul never before had such a magnificent Fair.

HON S. S. Cox is Mr. Greeley's candidate for Congressman-at-large in New York. Mr. Greeley's opinion of his candidate was tersely expressed in the *Tribune* some time ago, as follows: "Cox reminds us of an old Greek story of the donkey that devoured a rope of straw at one end, while a foolish old woman twisted industriously at the other. 'Is Cox like the donkey or the old woman?' some reader may ask. Whichever you please, O gentle inquirer! But whether he is asinine or anile, he is no better than a disunionist of that worst of variety, which prattles upon northern platforms instead of fighting on Southern fields."

ATTENTION!

HEADQUARTERS FIRST BATTALION DECATUR TANNERS, September 20, 1872.

GENERAL ORDER, No. 1.

Company commanders will assemble their companies promptly at 7 o'clock, p. m., to-morrow evening, for parade. The battalion will form promptly at 7½ o'clock, on North Main street, with the right resting on the Old Square, and will take up the following line of march: east on East Main to Water; north on Water to new square; east, on south side of new square, to Franklin; north on Franklin to William; west on William to Edwards; south on Edwards to West Main; thence east to Court House, where parade will disperse.

By order of

W. H. HARRIS, Col. Com.

E. M. MISNER, Adj't.

"On the Levee."—Last night the confeds. drummed up a dozen or two of boys, and solemnly marched down to the First Ward, where a meeting was held, at which speeches were made by Buckingham, John Smith and John Moreland. As usual Buck made a good speech, but we cannot say much for the efforts of the others. After the adjournment Buckingham went to the missionary meeting at the First M. E. Church. That was a long step towards reform, and we still have hopes that our modest friend may be brought to see the error of his ways.—And in this connection it may not be amiss to say that our clerical visitors might do a good work in the way of missionary effort by inducing the confederate orators to attend their meetings a little oftener.

Arrested.—William Armstrong, who stole a pair of boots from John Kelly, at the house of John McEvoy, on the 9th inst., was arrested at Litchfield, on Wednesday, by Marshal Thompson of that place, and brought to this city yesterday morning for trial before Justice Albert, who bound him over in the sum of $50 to appear at the next term of the County Court, which meets Oct 15th.

Frank White was arrested at the depot on Wednesday night for disturbance of the peace. He assaulted Theodore Jacobs, and drew a knife [illegible] with which he was committed to jail.

Shaved. [illegible]

Meeting at Wheatland.—Last night the Republicans of Wheatland held their first meeting of the campaign. Hugh Crea, Esq., addressed the meeting in a very able speech, which was listened to with the closest attention throughout, and the speaker frequently cheered. A company of mounted tanners was organized, and the prospects for securing a large company are very flattering.

REPUBLICAN MEETINGS.

Republican meetings will be held as follows:

At Union School House, Dora township, Moultrie county, Friday evening, Sept. 20th, J A Brown and Emanuel Rhodes.

At Long Creek School House, same night, C C McComas.

At Blue Mound, Tuesday, 24th, and at Macon, Thursday, 26th, Hon. J H Moore.

At Mt Zion, Tuesday, 24th, J A Brown and C C McComas.

At Boody, Thursday, 26th, Hugh Crea and Martin Forstmeyer.

These appointments are all for evenings. Township committees will see that proper arrangements are made.

WM. L. HAMMER, Ch'n.

W. C. JOHNS, Sec'y.

It Ought to be Done.—The fascination and charm of jumping on the cars at the depot is increasing among the boys, and the danger to which they subject themselves has become alarming. It would not surprise any one if any day several fatal accidents would occur. There is an ordinance prohibiting the intrusion of persons on the trains, simply for the purpose of a short ride in the city limits, and our city authorities have become earnest in this matter, and examples will hereafter be made of the boys who intrude themselves on trains. Yesterday John Burnham, a boy 14 years of age, was arrested at the depot for jumping on a morning train, and was tried before Justice Kinney, who fined him $3 and costs.

MISSIONARY ANNIVERSARY.

At 3 o'clock P. M. yesterday Rev. Wm. Stevenson preached the annual missionary sermon at the First Church, from the text: "Let the whole earth be filled with thy glory." The discourse was impressive, and in every way worthy of the man and the occasion.

At 7½ o'clock P. M. the audience room was crowded with an audience eager to hear two eminent Methodist divines. Rev. Dr. E. O. Haven read the 84th hymn, after which he made the opening prayer. Rev. A. C. Sargent led in singing "The old, old story." Rev. Joseph Montgomery presided. Rev. [illegible] Centenary M. E. Church, Chicago, was introduced, and [illegible] was exceedingly happy in his [illegible]

Rev. Dr. Eddy, Missionary Secretary, followed in a train of thought that gave his hearers a higher appreciation of the missionary cause, and evinced the fact that he is eminently qualified for the important position to which he has been elected.

The Secretary's and Treasurer's reports were read at the opening of the meeting, and adopted.

The following officers were elected last night:

President—J Montgomery.

Vice Presidents—W M Reed and F Shinn.

Secretary—H Wallace.

Assistant Secretary—E R S McElfresh.

Treasurer—H Wilson.

Assistant Treasurer—D Bardrick.

A board of managers was also appointed.

Dr. Fowler called for Mrs. Smith a colored woman, who travels, singing and talking, to come forward and favor the audience with a song, which she did. The audience at first was amused, but she soon commanded their attention and controlled them at will. She is a sweet singer, and sings with a power that thrills the hearts of the people.

Personal.—Mr. W. W. Swearingen left this week to attend the Philadelphia College of Pharmacy, where he will remain until next spring.

Mrs. Dugger, of Pekin, known to many in this city, is visiting friends here.

To-day we were pleased to meet Rev. Mrs. Randolph, formerly Miss Houghton, of Wellington, Ohio, an old schoolmate of ours, who is in attendance at the Conference.

Stolen.—On Wednesday night five head of cattle were stolen from the farm of D. K. Wilson, at Friend's Creek, which Marshal Haworth is after. A man by the name of Trout, who has been in the Indiana Penitentiary, was overtaken by Mr Wilson, between Mt Pulaski and Lincoln yesterday, who had the man arrested and captured the cattle. The prisoner plead guilty before Judge Greer, saying that he could not give bail, therefore he was committed to jail in this city to await trial.

Masonic.—There will be a special meeting of Macon Lodge No. 8, A. F. & A. M. this (Friday) evening, for work in the first degree. By order.

Ayer's Hair Vigor

For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *It soon restores faded or gray hair to its original color, with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit, but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co.,

Practical and Analytical Chemists,

LOWELL, MASS.

REASONS

For Purchasing a

Steinway Piano!

FIRST:

THE STEINWAY PIANOS have been awarded the

First Premium

Everywhere, by the most competent and indexible judges the world can produce, many of whom were previously prejudiced in favor of other instruments, their crowning triumph having been achieved at the Universal Exposition in Paris, where Steinway & Sons were awarded

The First Gold Medal!

For American Pianos, by the UNANIMOUS VERDICT of the International jury, and placed at the head of all others—the United States not being represented among the jurors.

SECOND:

All their "scales," peculiarities of construction, and various improvements, have been copied by nearly all the American piano manufacturers, and also by a large number of celebrated European makers. As an incontrovertible proof of the great superiority of the New Over-Strung Piano System introduced by Steinway & Sons, the fact may be stated that, at the Paris Exposition, out of eleven exhibitors of Pianos constructed after the Steinway System, two received Gold Medals (the *first* and *third* prizes), and eight received silver medals, while, of over three hundred pianos exhibited on the old plan of construction, with straight strings, only three received gold medals, and twenty-two silver medals—a proportion of

TWENTY TO ONE

in favor of "Steinway's System" of Over-Stringing.

Harper's Magazine

Notices of the Press.

There are few intelligent American families in which Harper's Magazine would not be an appreciated and highly welcome guest. There is no monthly Magazine an intelligent reading family can less afford to be without. Many Magazines are accumulated. Harper's is edited. There is not a Magazine that is printed which shows more intelligent pains expended on its articles and mechanical execution. There is not a cheaper Magazine published. There is not, confessedly, a more popular Magazine in the world.—*New Kingland Home Stead.*

A repository of biography and history, literature, science and art, unequalled by any other American publication. * * * The volumes are as valuable as a mere work of reference as any cyclopedia we can place in our libraries. Harper's Magazine is a record of travel every where since the hour of its establishment. Livingstone and Gordon Cumming in Africa, Stanley among the Andes and Ross Browne in the East, Speke on the Nile and Macgregor on the Jordan, indeed all recent travellers have been weekly contributors to its pages. Most of our younger and many of our older writers find here their literary biography. Ayer's Hair Vigor
For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *It soon restores faded or gray hair to its original color, with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit, but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.

THE STEINWAY PIANOS have been awarded the

SECOND:
All their "scales," peculiarities of construction, and various improvements, have been copied by nearly all the American piano manufacturers; and also by a large number of celebrated European makers. As an incontrovertible proof of the great superiority of the New Over-Strung Piano System introduced by Steinway & Sons, the fact may be stated that, at the Paris Exposition, out of eleven exhibitors of Pianos constructed after the Steinway System, two received Gold Medals (the *first* and *third* prizes), and eight received Silver medals, while, of over three hundred pianos exhibited on the old plan of construction, with straight strings, only three received gold medals, and twenty-two silver medals—a proportion of

Harper's Magazine
Notices of the Press.
There are few intelligent American families in which Harper's Magazine would not be an appreciated and highly welcome guest. There is no monthly Magazine in the intelligent reading family can less afford to be without. Many Magazines are accumulated. Harper's is edited. There is not a Magazine that is printed which shows more intelligent plans expended on its articles and mechanical execution. There is not a cheaper Magazine published. There is not, confessedly, a more popular Magazine in the world.—*New York Herald Home Stead.*
A repository of biography and history, literature, science and art, unequalled by any other American publication. * * * The volumes are valuable as a mere work of reference as any cyclopedia we can place in our libraries. Harper's Magazine is a record of travel everywhere since the hour of its establishment. Livingstone and Gordon Cumming in Africa, Stanley among the Andes and Ross Browne in the East, Speke on the Nile and Macgregor on the Jordan—indeed all recent travellers of note have given their most important discoveries reproduced in these pages. Most of our younger and many of our older writers find here their literary biography. Our artists see the best evidences of their genius and the most enduring specimens of their work in the Magazine.—*N. Y. Standard.*
